

2021-2022 Covid Related Information (as of September 1, 2021)

North Metro Child Development Center and Christian Kindergarten has set forth the following in regard to the current covid virus situation. Should the Center for Disease Control and/or government officials impose anything differently, we will adhere to those conditions.

If your child has been diagnosed with covid and has symptoms:

- They can not attend school for 10 days
- They must be fever free for 24 hours before attending school with no fever reducing medicine
- They must have improved symptoms

If your child has been diagnosed with covid and has no symptoms:

- They can not attend school for 10 days from test date
- At any time, symptoms occur, please refer to the above.

If your child has a family member who has been diagnosed:

- They can not attend school for 14 days since the first symptom, except:
 - If they test negative on day 5, they may return on day 7 if no symptoms occur
 - If they have no symptoms and no test given, they may return on day 10
- If they show any symptoms during the 10-day period, please refer to the above.

If your child has been exposed to (but not a close contact with) a positive person:

- They may attend class with a mask for the 10-day symptom free period.
 - No mask required if tested after 5th day with negative results.

We will notify you if anyone in your child's class has been quarantined. Please understand there are many unique situations and variables that make this unpredictable. Your child's health and the overall health of our school is our number one priority. We DO NOT want to close a classroom, and definitely not the school.

We depend on you to help us. Please do not send your child to school with symptoms. We may require a doctor's note for your child to return to school.

By signing below, you agree to adhere to these policies.
